## Key with answers

---

Interviewer: I've read your investment plan for the town of Ripley. When will the plan be adopted by the local council?

John Talbot: I suppose that the local council will adopt it during our next meeting in March.

Interviewer: How much money will be invested?

John Talbot: Five million pounds in three years. We want to renovate the town centre and make it more attractive.

Interviewer: How will the centre be made more attractive?

John Talbot: We'll give the town a facelift. The old trees and benches will be removed....

Interviewer: Will new trees be planted instead?

John Talbot: Yes, they will. But we will plant them in better locations.

Interviewer: And will new benches be bought?

John Talbot: We will increase the number of benches, but they will be relocated, too.

Interviewer: You also want to make the town pedestrian friendly. Will pavements be reconstructed?

John Talbot: Definitely. By the end of next year. And we'll also build a new car park.

Interviewer: And where will the car park be built?

John Talbot: Just outside the town centre.

Interviewer: What about street lighting? Will any new lamps be installed?

John Talbot: We are planning to place new lamps around the square.

Interviewer: Do you think that other towns will be inspired by your plan?  
(inspire)

John Talbot: Let's wait and see. But I hope that our citizens will welcome all these changes.
